## POLITICAL SITUATION.

**An Open Letter From Hon. G. McMicken to the Premier.**

THE LATTER'S RECORD REVIEWED.

*To the Honorable John Norquay, Provincial Treasurer, President of Council and First Minister of Manitoba:*

SIR,—By an act savoring of deception on your part towards your compatriots of that day, now eleven years ago, you were first brought to my knowledge. I had but recently arrived in the country, and my charity being of the kind "that thinketh no evil," upon being informed that you knew little of men and less of manners, I looked upon the act as an outcome of inexperience and an inadvertence of unwariness, which advancing years and a gathered knowledge of practical life would lead you to regret and thereafter avoid.

For some time you were kept well under, and only allowed to occupy a subordinate position, in which, without power and without opportunity, your record bore no marks of blackened fame, while like a bubble on the gliding stream you floated on happy in the enjoyment of the dole so easily, yet so questionably secured. It was hoped, indeed, that the wise lessons of the good Bishop of Rupert's Land, who had been your instructor, had, by this time, fructified into principles of uprightness and integrity, and when, by the several successive feats of political legerdemain which preceded your elevation to the Premiership, you attained that preeminence, it was hoped you would vindicate your honor and establish a reputation worthy of the country to which you owe your birth. For some time I gave you credit for considerable talent and a fair share of patriotism. Sycophants and flatterers, however, knowing the calibre of your mind better than I did, have done their work well. Through your vanity and greed they have completed your ruin, and you fall without commiseration or any to deplore your fate. I am at last compelled to mourn over your degradation, and, as a duty, to denounce you as unworthy of the confidence of any party, as untrue to your country, and unfaithful to every trust heretofore reposed in you.

You claim to be Conservative! In 1878 you nominated the Honorable Alexander Morris as a candidate in the Conservative interest for Selkirk. How did you carry out this public and solemn pledge to help the Conservative cause? By one day's canvassing! The next day after the nomination you accompanied Mr. Morris to Headingly, and immediately afterwards you deserted the field and worked for the enemy. You entered the lists in Marquette, in company with Mr. Royal, as a supporter of Mr. Luxton, a pronounced Grit, against Mr. Ryan, the Conservative candidate—and only when you were informed that although Sir John A. Macdonald had himself been defeated his followers had been returned in overwhelming numbers, and that the old chieftain would yet lead his cohorts to victory and power, did you sneak back and persuade Mr. Luxton to retire in favor of an election of Sir John without a contest.

Again, in 1879, when Mr. D. A. Smith's election was declared void, whom did you support? None other than Mr. R. A. Davis, for whom by your machinations all one Saturday and the following Sunday you nearly obtained the nomination by the Conservative party, as represented by the Selkirk Club, and it was only when, with disappointed calculation and downcast head, you were driven from this baseness did you join in the support of Capt. Scott. Let this suffice as a few instances of many in your career of party tergiversation. You are unworthy of any party's confidence.

Under the second charge I have made against you, of being untrue to your country, the instances I might adduce are innumerable. The recapitulation of a few, however, will answer my present purpose:

Your present cabinet is composed of five members. We naturally look for and expect that they should in some fair measure represent the population. What is the case as it stands? The proportion of Ontario Canadian settlers is at least two-thirds of the whole, and yet not one out of the five members of the Cabinet hails from Ontario. Is it because the Ontario people are less qualified for the position that you have thus ignored them? What reason can you assign for such blindness, such injustice?

You had an opportunity lately of replacing the late Attorney-General by a member of the profession here, amongst which there are members of acknowledged talent and ability, who studied both law and politics in Ontario, but instead of this you appointed a subservient tool of no standing at the bar, and whose only qualification was, as he often puts it, being a Kildonan boy—a boy truly to the cost of the country, for we find he has to be assisted and carried through by a Deputy Attorney-General in the person of Mr. Ardagh and by Crown Counsel Mr. Howell—both of whom have, of course, to be paid by the country. A baby Attorney-General will not do, Mr. Norquay. We want something more than a suckling for this office; out he must go, and you with him as his wet nurse.

You know how, as Provincial Treasurer, you have cooked public accounts so that they show anything or nothing. Strictly the latter in the case of the nefarious ferry lease granted by you to Robert Tait.

Although the lessee was known to have tens of thousands of dollars out of the lease, yet you have sent down the accounts without a single item of payment on account of the lease being shewn for years. And when Mr. Hay, during the last session, obtained an order of the House for the lease being brought down, you refused to obey the order. Who benefitted, in league with Mr. Tait, in the enjoyment of these many thousands? You surely know, or why this secrecy? Why the refusal to cancel the lease when its serious, grievous and many breaches, even to the loss of lives, were made known to you? Assuredly there is "a nigger in that fence," Mr. Norquay?

For one of your begging visits to Ottawa you charge no less a sum than $1,898.98, when a third of this amount should have sufficed, and more especially as by virtue of your office and *cheek* you had free passes on the railway. The item is not very large, it is true, but the charge is very shameful. Why the advertisement in the papers at this present time for a supply of thirteen (13) iron fireplaces, marble mantle-pieces and hearths for the public offices? Is this a time for such extravagance when the country is crying out because of insufficient revenue or income to meet necessary expenditure? And where did you get authority to build the new Government offices at all? Verily, the people will think that those at present occupied are quite sufficient for the times. But there is this alleviation in the thought that it brings you all nearer to the *gaol* and farther from the *goal* of your covetous and reckless aspirations. But why multiply instances of your wrongdoing, and your disregard of the interests of the people or the instructions they give you through their representatives? Let this be the crowning one for the present. On the 22nd December, 1880, the Legislative Assembly *unanimously* resolved as follows:—"That a re-adjustment of the subsidy, (from the Dominion Government), should be made on the following terms:—1st, $32.43 per head on the population as by census of 1881, capitalized, and an amount equal to 5 per cent. thereon paid half-yearly in advance. 2nd. $60,000 paid yearly for support of Government, and an annual grant equal to 80 cents per head of the population as per census of 1881—with an augmentation such grant in proportion to increase of population as per tri-ennial census, until the aggregate population reaches 400,000 souls. 3rd. In lieu of public lands, the Dominion of Canada shall pay to the Province by half-yearly payments, the sum of $100,000.

Now, sir, you went to Ottawa with these resolutions in your hand—they were in fact your instructions from the people of Manitoba. Your duty clearly was in case of failure to have returned and reported to the representatives of the people the particulars of your failure and the overtures made to you on their behalf. But what did you do? Let us see. On the basis of the population as running through the ten years for 1881 reckoned at 150,000, by the resolutions of Assembly the Province should have had:—

| | |
|---|---|
| For 1st item ..... | $243,275 |
| 2nd " ..... | 60,000 |
| 3rd " ..... | 120,000 |
| and ..... | 100,000 |
| In all ..... | $523,275 |

Five hundred and twenty-three thousand two hundred and twenty-five dollars per annum. Instead of this, however, you accepted for item No 1, $132,000, including interest now received on debt capital; for item No 2 $50,000; for item No 3, $45,000; in all only $227,000, and this you have bound, so far as you could do so, the Province for ten years, as by the words of Sir Leonard Tilley, who said—"This action will prevent future Governments from interfering in the matter for the next ten years. The very object of this bill is to close the question as far as we can, and we gave the Government of Manitoba to understand, as stated in this resolution that this agreement was *to stand as a contract* until 1891." This was afterwards fully endorsed in a speech by Sir John A MacDonald, and so accepted and acted upon by the Parliament of Canada.

I know, sir, that you make allegations to the contrary but I apprehend the people of Manitoba will not hesitate wherein or with whom lies the lie when it is between John Norquay and the Right Honorable Sir John. A. MacDonald.

Doubtless you would covet another and yet another, begging expedition to the tune of $1,908.98; but Manitoba has done with begging and will no longer employ beggars. She has rights which she will choose goodmen to guard and to enforce, by every constitutional means, with the dignity which becomes a province acknowledging no inferiority amongst the members of our great confederacy.

I have written at greater length than I intended, for your delinquencies crop out so numerously it is hard to stay the culling eye or the ready pen, but for the present I must close by referring to the greatest of all your errors, the copestone of all your political crimes. I allude to the topic now so prominently before the people—known as the question of disallowance. As a Conservative I charge you and arraign you before the high court of public opinion as a recreant to your political professions, and hold you personally accountable for precipitating the present crisis.

I need not cull extracts from the public records to prove that you and your associate, Mr. Royal, gave away, so far as you could give them away, the rights of the Province to charter railroad companies within Manitoba, leaving all such legislation in the hands of the Government at Ottawa. This you have already acknowledged. Then you further assured the Government at Ottawa that you would allow no railway charters to pass which would conflict with the terms of the contract entered into with the Canadian Pacific Railway Co., yet you wilfully and of malice aforethought agreed in Ottawa that you would have a charter for the South-eastern Railway of Canada through the House, and have it assented to. In your haste to carry out the views of your colleagues in this wicked scheme—wicked as being opposed to your promises and undertakings—on the same day you entered into this conspiracy against good faith and honour, a telegram was hurried through for the notice required by the Legislative Assembly, to be inserted in the newspapers here. The notice was inserted, the charter (keeping your word in iniquity), was carried through the House, and became law. Your subsequent course in regard to it is so well known that I will not enlarge upon it. But this I may say:—Had you been politically honest, had you had the least smack of integrity you would not thus have forced the honoured Premier of Canada into such an ungracious dilemma as the disallowance of such acts of the Legislature which involves as largely as they do the rights of Manitoba and the present and future well-being of her people.

And now, forsooth you propose to "re-enact" the obnoxious charters. Have the spoils of office, the enjoyment of official sweets for so long a term, caused you to tint your reason? Have you forgotten the modicum of political common sense Morris and Cauchon drove into your head, that you should thus play the schoolboy? Is this the way to deal with such questions, freighted as they are with considerations of the greatest gravity? No sir, the Grits may hound you on to this course; the great Conservative party require not this at your hands or at those of any others. The question must now be dealt with in a calm, prudent, statesmanlike manner. Manitoba rights must be upheld, and I have no fear that anything will be wanting on the part of Sir. John A. MacDonald to sustain us in all our rights and clear away every suspicion of interference with our autonomy when the matter is presented to him in a proper way and by proper men, and as you are about to place this power in the hands of the people, I trust they will return just such men as the occasion demands, and relegate you and your guilty colleagues back to the obscurity whence ye arose.

Yours with pity,
G. McMICKEN.

## Courting the Wrong Lady.

ODD MISTAKE OF AN ELOQUENT CLERGYMAN.

The recent death of the Rev. Thomas Guard, a distinguished and aged Methodist clergyman of Baltimore, revives a story that was published concerning him many years ago, while Mr. Guard was pastor of Mount Vernon Church in Baltimore. He had in his congregation two sisters who were active in church work with whom he became intimately acquainted. Removing to San Francisco he became a widower. Having occasion to write to Baltimore, he addressed his letter, as he thought, to the younger of the sisters, but his memory proved false to him. He had confounded the names of the ladies, and so the letter, instead of going to the younger sister, as Mr. Guard had intended, went straight to the hands of the elder. She answered the letter, and from this start a correspondence began which became more and more interesting as time went on. It is said that one of the letters from Mr. Guard to the lady contained a proposal of marriage, and that the return mail carried with it an acceptance of the offer. The same letter carried a picture of the lady, and one can hardly imagine the eloquent preacher's astonishment when he looked at the photograph and found there, not the face of the lady he intended to ask to be his wife, but that of her elder sister. He was naturally very much puzzled what to do in the matter, but the story is that he determined to write a frank letter to her and tell her the curious mistake that he made, and he did so. She was naturally as much taken by surprise as was he, but made up her mind to release him from his engagement, and did so. This was the more trying for her, as a part, if not all, of her bridal trousseau was ready, and the news had been circulated among her friends that the wedding was to come off soon after Mr. Guard's return from the Pacific slope. The wedding, did not come off, however, though, for a time after his return to Mount Vernon Church there were rumours that the pastor was to marry the younger sister. Mr. Guard never married a second time.

## From the Saskatchewan.

Mr. Chas. A. Biggar, D. L. S., arrived on Saturday night from his summer's work in the upper and lower Saskatchewan districts, and will leave this evening on a visit to his home near Ottawa. Mr. Biggar was met by a reporter of the *Times*, who interviewed him concerning the country in which he has been during the past few months. Mr. Biggar has been most of the time in the neighborhood of Fort Carlton, and was running a portion of the 12th base and portions of the 9th, 10th and 11th bases. He saw a number of settlers on the lower Saskatchewan, who all expressed themselves well pleased with their condition. He conversed with all of them and they seemed delighted with the country and its prospects. The land is excellent, as good as Mr. Biggar has seen anywhere. This is on the Lower Saskatchewan about 20 miles from where the old telegraph line crosses the Saskatchewan. On the Sioux reserve he saw large quantities of magnificent grain grown during the past year. The wheat, barley and root crops are excellent and this is on land which was never plowed until last spring. White Cap's band are on this reserve and seem contented and prosperous. They are industrious and good settlers and many were observed working in the fields. In the fall, after the harvest is gathered, they go on hunting expeditions. Their grain was nearly all harvested by the last of August and the first indications of frost appeared on September 5th, but it was not severe enough to have affected the grain, even if it had not been harvested. Between the 10th and 11th bases east of the 3rd principal meridian, Mr. Biggar says, several townships are particularly adapted for settlers, being well wooded and watered. The soil is chiefly a sandy loam. Regarding Regina, through which Mr. Biggar passed, he found it growing like wild-fire. There were, he was assured, over 800 persons there and everything seemed to be booming. The only drawback he could see was a lack of wood, which is selling at $20 per cord, but that will soon cease to be a drawback, as the railway will bring plenty of coal and wood from the farther west. The water in the Moose Jaw creek, Mr. Biggar says, is good, a fact which he can fully testify to as he has drank it and washed in it. The supply is not as large as could be wished, but there is quite a flow of water in it at present.

IT is rumoured that Miss Morrison, one of the two survivors of the wrecked steamer Asia, is going to take the platform as a lecturer. Surely Canadians are becoming thoroughly Americanized. If this rumour is true, there are many people who will almost regret that there were two survivors from that ill-fated vessel.

IT is reported that Sir Garnet Wolseley will be prevented from receiving any higher military rank; on account of certain difficulties that stand in the way. He is now fifteenth on the list for promotion to the rank of general, and will be obliged to remain on the list of lieutenant-generals until his turn comes for promotion. It is a pity that such is the case, as he is deserving of immediate promotion in recognition of his valuable services in Egypt.

MATERNAL AFFECTION.—An incident happened on the farm of Geo. McKay, near here, which shows at least the maternal affection if not a certain degree of intelligence in the sow. A little pig fell into a well about four feet deep. Its squealing attracted the mother, she got down on her forward knees and caught the youngster by the ear, in lifting it up the top of the ear pulled off, and back went the little fellow into the hole. Again the mother leaned down this time catching hold of a leg, but the infant pig squeeled so lustily that Mr. McKay, who had been watching the performance, came to its assistance, and helped it out of its dilemma in a more gentle manner.—*Minnedosa Star.*

A COMPLETE OUTFIT.—The numerous friends of Mr. Alonzo L. Rowe, formerly an esteemed resident of London West, but now of Brandon, Manitoba, will be glad to hear that he is meeting with the success which his energy and perseverance so justly merits. He is on a visit to this city at the present time, and yesterday purchased a complete undertaker's outfit from Mr. J. Kilgour. The hearse, caskets, etc., will be shipped to Brandon at once. They cost in the neighborhood of $2,000. Mr. Rowe is a brother of Mr. Amos Rowe, of the Winnipeg *Times*, and like him, is making his mark in the North-West. His many acquaintances in Ontario will rejoice to hear of his good fortune.—*London Free Press.*

## Changing the Diet of Cows.

Those who have dairy cows need to be careful in changing their diet. There is a great deal to be thought of in this connection. It is a fact, well established by the experience of dairymen, that cows which are regularly fed with grain while they are at pasture, even if the pasture is fresh and plenty, will give more milk and make more butter and cheese than cows equally good, but living on grass only; yet if a liberal ration of meal is given to the cows living on the fresh grass, the first effect is to cause shrinkage in the milk; and if the cows which have become accustomed to have meal with their grass, have their meal suddenly taken away, they will also shrink, the pasture in both cases being also fresh and plenty. The loss of milk in neither case can be charged to inferority of the feed, since the changes in feed are the reverse of the other while the effects are alike. The effect is due to a change in the action of the stomach to adapt its character to the digestion of an established food.

## Alive in Her Shroud.

On Tuesday afternoon last, Mrs. W. L. Pittit, wife of the teller of the First National Bank of Fort Wayne, apparently died, and the undertaker took charge of the body. Arrangements were making for the funeral, and watchers sitting with the supposed corpse. At ten o'clock a faint sigh was heard coming from the body. The watchers started to their feet with alarm, stepped to her side, found her eyes were wide open, while in a voice that was scarcely an audible whisper she recognized them and asked for her husband. For a moment the attendants were speechless with wonder at this resurrection of the dead; then with the revulsion of feeling they almost screamed with excitement. The husband came in haste, and with joy unspeakable clasped again his living wife in his arms. The doctor was sent for, and he was as much astonished as the rest of the household at beholding living what in his exact medical science he had declared dead. He administered the proper restoratives, and the patient rapidly recovered.

On Friday there was no less than 41 cars of wheat on the track in Winnipeg consigned to the Ogilive Milling Company. Each car contained on an average 400 bushels. It was valued at 85 cents a bushel. This was the largest consignment ever received in Winnipeg. It came from Carberry, Portage La Prairie and Brandon.

Portage La Prairie *Tribune*:—At length, however, the Government have seen fit to take another step, which, in our judgment, was entirely uncalled for, and replete with the worst forebodings for the future. In the contract, the Syndicate have a good bargain, and we hold that when the strict *letter* of its provisions is exceeded, a direct insult is thrown at the future of Manitoba and a weight placed around its neck, that must necessarily handicap it in the race for development. In the right vested in the Federal Government alone to charter crossings of the International boundary, the Federal Government possesses the power to guard the C. P. R. contract, and when that power is exceeded, it is the infliction of an unnecessary cruelty upon the Province that provincial temper cannot be asked to endure. The last straw on the camel's back is the disallowance of the Emerson and Northwestern, the Tramway Act, and the General Railway Act passed last session of the legislature.

A circular has been issued to all members of the board of agriculture, of which the following is a copy:

SIR,—Under the provisions of the Agricultural Act a provincial agricultural exhibition will have to be held in the province next year. The matter was discussed at the recent meeting of the Council of Agriculture here, and I was instructed to communicate with the members of the Board, suggesting that in case any of the towns in their respective localities desire to secure the holding of the exhibition within their midst, they submit written offers as to what inducements they can give in the way of cash bonus, grounds and buildings, railway facilities and hotel accommodations. If any towns in your division desire to make offers I shall be glad to receive them not later than December 31st, so that they may be tabulated ready for presentation at the January meeting of the Board. Your obedient servant,

ACTON BURROWS,
Sec.'y-Treasurer Board of Agriculture.

The Campbellford *Herald* tells the following queer story of the transformation of oats into rye:—Mr. A. Nix, who resides on lot 2 in the 2nd concession of Seymour, laid upon our table a sample of rye which he claims grew from the roots of oats. Two seasons ago Mr. Nix

## POLITICAL.

THE *Mail* foreshadows Mr. Norquay's defeat at the forthcoming elections.

Now, what did Sir John mean when he said, "We can't check Manitoba."

IT is said that the nominations for the Local House will be held on the 16th Dec., and the elections on the 23rd.

ON Tuesday afternoon next a convention for the purpose of bringing out a candidate in opposition to the Local Administration.

AMONG those nominated at the Conservative Convention on Friday were Messrs. Daly, Fortier, Granville, Tuttle, Dr. Spencer and Rev. Geo. Roddick.

MR. Norquay talks with lead mouth of what he will do in upholding the rights of Manitoba. After the election Sir John would induce Mr. Norquay to swallow himself just as easily as if he were olive-oiled for the occasion.

THOS. Greenway, Esq., M.P.P., leader of the Opposition started from here yesterday for Rapid City, where he purposed holding a mass meeting, following it up with Minnedosa and Gladstone. On Tuesday evening next he will address a mass meeting in this city when the Disallowance candidate will be invited to file an appearance.

THE *Globe* publishes a special from Montreal which says a gentleman just returned from Great Britain, who pays attention to emigration matters states the Northern Pacific is making a handle of the railway disallowance policy of the Dominion Government and pamphlets are being distributed describing the position of Manitoba as one of rebellion which he believes will check immigration to that Province.

Sir John, in replying to the deputation, referred to a recent decision of the Privy Council which showed that the Ontario Government had no power to regulate the liquor traffic, or to do anything more than merely receive the fees.

According to this decision, if it be a correct one, the Manitoba Legislature has exceeded its powers in granting licenses to this city, as well as in the regulating of the traffic in any portion of the Province.

"Meantime it lives mainly by means of prejudice first created and then pandered to by the two political parties in the Province."

The *Mail* in this misjudges itself and a few of its followers in the province, as will be observed from the following resolution passed at a caucus in Winnipeg a few days since:

"That the delegates appointed by "this meeting be requested to nominate "a candidate for the south division of "the city WHO WILL SUPPORT THE POLICY "OF SIR JOHN MACDONALD." And as the policy of Sir John's Government is disallowance, disallowance is supported. The *Mail*, therefore, has no reason to complain on that score, although we must admit that the cause is not popular, and only a few are to be found who will support SIR JOHN Disallowance.

So far as the Syndicate contract is concerned, it cannot be held to bind the Provinces. It binds the Dominion not to charter railways in opposition to the Syndicate for the space of twenty years but nowhere in the document is there the assumption provincial rights by the Dominion, nor would it be of legal effect if there were. A glance at the agreement will at once convince the most prejudiced on this point. As it stands, it is outrageous; it becomes infamous when an attempt is made to barter or bully away the privileges of the Provinces which the Dominion does not control.

The question may well be asked why, if the agreement with the C.P.R. does not state that the Dominion Government shall not allow the building of roads in Manitoba, that Province is selected of all the others? If the agreement applied to the Dominion at large, why is Ontario privileged to charter roads, and why Quebec the same? The reason is double. In the first place it dare not be attempted with those Provinces, and in the second place, *there is no plunder.*

THE Order in Council withdrawing all even-numbered sections south of the 24-mile belt (notice of which is posted on the door of the Dominion Land Office, dated the 4th inst) does not prevent parties from "jumping" land so situated and obtaining entry therefor in the event of same being cancelled. All applications for cancellation initiated prior to the 4th inst, and subsequently followed with cancelling any even-numbered section south of the 24-mile C.P.R. belt: The applicant therefor will be permitted to effect an entry.

A number of Orangemen of the Portage, who are deeply interested in the passing of the Orange Bill, which passed the Legislature at the last session, but was afterwards treated to a dose of disallowance by the Local Government, interviewed Mr. Greenway at the Lorne House yesterday, with a view to getting an expression of opinion from him on the question. The result of the interview was that Mr. Greenway expressed himself as believing it was nothing but right that the Bill should be passed, and that he was prepared to support it in the future whenever brought up, as he had done at the last session of the House.—*Portage Tribune.*

The Ministry are becoming not a little alarmed at the storm of indignation which their disallowance policy has evoked in Manitoba, but they are so completely at the mercy of the Pacific Syndicate that they dare not attempt to retrace their steps. The conduct of the Government is pronounced insane by intelligent men here who know and understand the position of affairs and the state of public feeling in the North-West. Possibly the Government intend to provide a rebellion in that country before leaving office as they did in 1875, leaving to the Liberals the responsibility of a settlement. It is said that a delegation of the shareholders of the Emerson & North-Western Railway will arrive in the city shortly to urge that the Order-in-Council disallowing their charter be rescinded. While denying that the Manitoba Legislature possesses the right to charter railway companies, the Government are actually subsidizing railways authorized by the Quebec Legislature.—*Ottawa Despatch.*

## THE BOOK OF CHRONICLES.

CHAPTER IV.

1. And it came to pass when John A was ruler over that land many and strange reports were heard of a country that lay to the westward, but no one was found who could tell thereof.

2. And John A. gathered together his wise men and they counselled together, and they said unto him send them men that they may search out this great and unknown land.

3. And see the land, what it is and the people that dwelleth therein.

4. And what the land is that they dwell in, whether it be good or bad, and what cities they be that they dwell in whether in tents or in strongholds.

5. And what the land is, whether it be fat or lean, whether there be wood therein or not.

6. And it shall come to pass that if perchance these men bring back word that the land floweth with milk and honey then shall we go up and take possession of it.

7 And we shall build highways therein, and we shall please this people and shall get to ourselves great gain, and we shall by guile and artifice cause the people to choose us to rule over them even until we shall be gathered to our fathers.

8. This saying pleased John A. greatly for he feared the people that they would drive him and his wise men out of their country for he ruled the people badly.

9. Now John A. and his wise men did that continually which was vile in the sight of the people.

10. And afterwards John A. gathered together men of valor, and they were sent to spy out and search the land even as the wise men had counselled.

11. And after many days they returned and said: Lo we have travelled even as we were commanded from the seas and the rivers on the east to the mountains on the west and the land is very good, and very fat and full of herds, there is also much wood and water.

12. Now when John A. heard these things he was exceeding glad and called together his wise men, took counsel with them what things should be done.

13. And when they had heard all that the spies had said they reasoned with themselves and said, If we can possess ourselves of this Great Lone Land we shall be chosen by the people to rule over them for we shall have wherewithal to enrich ourselves and our children, and our children's children and all our friends.

14. And they possessed themselves of the land.

15. Now when these things were done John A. said Go to, now let us build a highway for the people to enter this Great Lone Land that they may pitch their tents therein and increase their herds and cattle.

16. And they answered him and said, But how shall we be chosen again by the people and how shall we get the gold and the silver to build the highway for it will be very costly.

17. And John A. smiled and winked with his eyes and said, I will see to that. So it was left to him.

18. And there was a man in that land who had great riches and ships and houses and lands and horses and cattle.

19 And John A. sent for and said unto him, Be it known unto thee that I am in a great strait and am sorely pressed for the people refuse to have me to rule over them, but I know of a truth that the people will hearken unto me and will not turn me away if I can divide among them many shekels of gold and silver.

20. And now it is known unto me that thou hast great treasures and canst supply all my wants, and if thou shalt do as I ask I will repay thee to the uttermost for thou shalt be permitted to build the highway through the Great Lone Land.

21. And John A. got many shekels of silver and many wedges of gold even as he had asked and he divided them among the people, and behold even as he had said the people again chose him and his council as rulers for they knew not of this wickedness which he had done.

22. And from this time forth John A. ruled the people badly and did many wicked things in secret.

## THE ELECTIONS.

THE LOCAL.

BRANDON,

In the home constituency the contest will probably lie between Hon. J. W. Sifton, the present member, and Mr. J. E. Woodworth, the nominee of the Conservative convention held here on Tuesday last. This is not positive, as Mr. Woodworth was absent at the time, and his consent not obtained, but the probabilities are that it will be given. A convention of the Anti-Norquay people will be held at the Grand Central Hotel, on Tuesday afternoon next, for the purpose of bringing out a candidate Mr. Sifton's name is the only one which has yet appeared in the list of likely ones.

ASSINIBOIA.

The present member, Alexander Murray, is again a candidate.

BIRTLE.

Mr. Leacock will probably be opposed in the Provincial Rights interest by Mr. Nelson, a strong local man, and a clever speaker.

BURNSIDE.

Mr. Smith, the present member, will again be the Provincial Rights candidate and is certain of election.

CARTIER.

Hon. Gilbert McMicken is the present member, and if he does not leave this constituency to contest Kildonan with Attorney-General Sutherland, can again be re-elected.

NORTH DUFFERIN.

The present member, D. Wilson, will probably be opposed by Mr. Henry Landerkin, of Nelsonville, in the interests of Provincial rights. Mr. Landerkin is only just recovering from an attack of typhoid fever, and if he is well enough to undergo the excitement of the contest, will most undoubtedly be elected.

SOUTH DUFFERIN.

Mr. Winram, the present member, a strong supporter of Mr. Greenway, is sure of re-election. No opposition to has yet been mooted.

DAUPHIN.

It has not yet been decided who will run in this constituency.

EMERSON.

Mr. E. F. Burnham, barrister will be the Provincial Rights candidate. His chances of defeating Mayor Carney are said to be excellent.

GLADSTONE.

Hon. C. P. Brown is likely to be opposed by Mr. St. Clair Mcgregor, Mayor of the town of Gladstone, and a strong and popular man.

HIGH BLUFF

It is probable that there will be a three-corned fight in this constituency two Norquay candidates and one Provincial rights candidate. Mr. Drummond will be one of the candidates supporting Mr. Norquay. Mr. Heber Archibald, barrister of this city, has been requested to run in the Provincial rights interests. The name of E. H. G. G. Hay, the present member for St. Clements, is also mentioned in connection with this constituency.

KILDONAN.

Attorney-General Sutherland will be vigorously opposed. The names of two gentlemen are mentioned in connection with the Provincial rights candidature—that of "the old war-horse," John Sutherland, ex-M.P.P., and of Mr. Thompson, a local merchant, either of whom are considered strong enough to defeat the Attorney-General.

LEVANDRIE.

Mr. Maxime Goulet, who still claims to be the sitting member, will again contest the seat, this time in opposition to Mr. Norquay, and in support of Provincial rights. Mr. Prudhomme will probably be Mr. Norquay's candidate.

MORRIS.

The Emerson *International* says: "Henry Tennant, of West Lynne; Geo. Wild, of Plum Coulee, and W. A. Russell, of Morris, are nominated as prospective Conservative candidates in Morris. N. F. Hagel, the brilliant criminal lawyer, of Winnipeg, and a prominent Conservative, is spoken of as a prospective candidate in case a local man cannot be agreed upon." A strong Provincial Rights candidate will be brought out, and, it is believed, elected.

PORTAGE LA PRAIRIE.

Dr. Cowan will not again contest this constituency, and would have no show if he did. A Provincial Rights candidate will be brought out, who will carry the seat by a good majority.

ROCKWOOD.

Mr. S. J. Jackson will contest this seat against Mr. Aikins, and is quite sure of success.

SPRINGFIELD.

Mr. J. H. Bell will probably oppose Mr. Edie in this constituency. Though carrying on business in Winnipeg, Mr. Bell is an old resident of Springfield.

ST. AGATHE.

No candidates have yet been named for this place, but the seat will be contested by the Provincial Rights party.

ST. ANDREW'S.

As already intimated in the *Sun*, the Hon. S. C. Biggs may oppose Hon. Mr. Norquay in St. Andrew's. It would probably be one of the most exciting contests of the whole election, and the prospects are that "Norquay would go!"

ST. BONIFACE.

Hon. Mr. Lariviere, Provincial Secretary, is the only candidate so far in the field.

ST. CLEMENTS.

If the present member, Mr. Hay, does not contest High Bluff, he may again present himself for re-election. Mr. David Glass has for some time past announced his intention of contesting this seat. Other names are also mentioned.

ST. FRANCOIS XAVIER

It is not stated whether the present member, Mr. Breland, will again be a candidate. Mr. Daniel Carey, barrister of Winnipeg, will probably contest the seat in the Provincial Rights interests.

TURTLE MOUNTAIN.

Mr. Alexander, the sitting member, who was recently in this city, announced his intention to again contest the seat. Mr. Renton, of Deloraine, is spoken of as the most likely Provincial Rights candidate.

WESTBOURNE.

This constituency was formerly represented by Judge Walker. No names have yet been mentioned in connection with the candidature.

WINNIPEG.

Mr. Killam's candidature meets with daily increasing favor. Mr. McMillan has declined a nomination for a second term, but there will be no trouble in putting in a candidate in favor of Provincial rights.

WOODLANDS.

We have not yet received any information as to the probable candidates in the constituency.

MOUNTAIN.

Mr. Greenway will probably be returned by acclamation. There was some talk of the Premier contesting the seat, but Mr. Norquay considers that prudence is the better part of valour.

MINNEDOSA

will most certainly return a member in favour of Provincial rights. Dr. Cornell, was spoken of as the Provincial rights candidate, but has given way to Mr. Matthew Ryan. Mr. Ryan has received such assurances from the electors that he will probably contest Minnedosa instead of Baie St. Paul, as previously intended.

## Municipal.

Our municipal elections take place on the 11th of December, and the nomination on the 4th.

Ald. W. Winter is in the field for the mayoralty, having published his address signifying such. Mayor Daly, who has filled the position of first Mayor of the city, with grace and honor to himself and credit to the city, positively declines to stand.

We are not in a position to state whether Mr. Winter will have opposition or not, but it is the general opinion that he is a strong man and will be hard to beat. Probably no man at the Council Board has taken more interest in the affairs of the city or worked harder for its advancement.

For Aldermanic honors, Ward No. 1 will return Messrs. Brock, Angus and Sifton by acclamation. Mr. Woodworth, who is the nominee of the Conservative Convention for the Local Legislature, was mentioned, but he will hardly stand, although it would not interfere with his work. Mr. Hanbury's name has also been suggested.

In Ward No. 2, the old representatives Messrs. Evans, Smart and Winters will be re-elected. Messrs. Phippen and H. Cameron have been asked to stand.

In Ward No. 3, the names of Messrs. A. C. Fraser and Jas. A. Johnston, in addition to those of Ald. Pilling and Bower are mentioned.

In Ward No. 4, Ald. Fortier will be re-elected. His confreres are not yet known, but the names of Messrs. Hugh Cameron, and W. M. Rose are spoken of.

## By-Law No. 19.

A By-law to raise One Hundred and Fifty Thousand Dollars by Debentures for permanent improvements in the City of Brandon, for the purpose of making efficient provisions against fire, and for other purposes.

*Whereas it is expedient and desirable to raise a loan by way of Debentures on the credit of the Mayor and Council of the City of Brandon to the amount of the sum of One Hundred and Fifty Thousand Dollars, payable on the Thirty-first Day of December, in the year of our Lord One Thousand Nine Hundred and Two, with interest at the rate of Six per centum per annum, in accordance with the provisions of 'an Act to incorporate the City of Brandon' to be applied to and which has been estimated to be necessary for making the permanent improvements within the City of Brandon, hereinafter mentioned, and for the other purposes hereinafter mentioned, that is to say:—*

1. For grading and levelling of streets and for drainage purposes, Eighty-five Thousand Dollars.
2. For constructing and laying down sidewalks and street crossings, Thirty Thousand Dollars.
3. For the construction of a Fire Hall and Police Station, Ten Thousand Dollars.
4 For the purchase of a Steam Fire Engine and the appliances necessary therefor, and all apparatus for fire purposes, Eight Thousand Dollars.
5. For the construction of tanks for fire purposes, Nine Thousand Five Hundred Dollars.
6. For the purchase of land for a cemetery and for the establishment thereof, Five Thousand Dollars.
7 For a grant to aid and assist the Brandon General Hospital, Two Thousand Five Hundred Dollars.

And whereas the amount of the whole rateable property of the City of Brandon according to the last revised assessment roll is Three Million Six Hundred and Ninety Thousand Nine Hundred and Forty Dollars and Twenty-two Cents.

And whereas the total amount required to be raised annually for the paying of the said debentures and interest is Sixteen Thousand Five Hundred Dollars.

And whereas it will require an annual special rate of Four Mills and Three-fifths of a Mill in the dollar over and above all other rates and assessments for paying the interest and providing an equal yearly sinking fund for redeeming and paying off the principal of the debt thereby to be created.

Now, therefore, the Mayor and Council of the City of Brandon, in council assembled, enacts as follows:

1. For the purposes aforesaid it shall be lawful for the mayor and Council of the City of Brandon to issue debentures of the Mayor and Council of the City of Brandon for the sum of One Hundred and Fifty Thousand Dollars of lawful money of Canada in denominations of not less than one hundred dollars each, payable on the Thirty-first day of December in the year of our Lord One Thousand Nine Hundred and Two, bearing interest in the meantime at Six per centum per annum, payable half-yearly on the Thirtieth day of June and thirty-first day of December in each and every year with coupons attached to each debenture to represent the respective half-yearly payments of interest.

2. For paying the interest as aforesaid and creating an equal yearly sinking fund for redeeming and paying off the principal of the said debentures so to be issued as aforesaid at the maturity thereof a special rate of Four Mills and Three-fifths of a Mill in the dollar on the whole rateable property in the said City of Brandon shall be raised and levied in each year during the currency of the said debentures in addition to all other rates and assessments whatsoever.

3. That the said sum of one hundred and fifty thousand dollars shall be laid out and expended as follows: In the grading and levelling of streets and for drainage purposes eighty-five thousand dollars; in the construction and laying down of sidewalks and street crossings Thirty Thousand dollars; in the construction of a Fire Hall and a Police Station ten thousand dollars; in the purchase of a Steam Fire Engine and the appliances necessary therefor and apparatus for fire purposes eight Thousand dollars; in the construction of tanks for fire purposes nine thousand five hundred dollars, in purchase of land for a cemetery and for the establishment thereof Five Thousand dollars; in a grant to aid and assist the Brandon General Hospital Two Thousand Five Hundred dollars.

4. This by-law shall take effect from and after the Nineteenth Day of December One Thousand Eight Hundred and Eighty Two.

Done and passed in Council at the City of Brandon this day of December One Thousand Eight Hundred and Eighty Two.

I hereby certify that the foregoing is a true copy of a proposed By-law which will be taken into consideration by the Mayor and Council of the City of Brandon after one month from the Sixteenth day of November, A. D. 1882, that date being the date of the first publication of the proposed By-law, and that on second the Eleventh day of December, A.D., 1882, between the hours of Nine o'clock in the forenoon and Five o'clock in the afternoon the votes of the electors of the City of Brandon entitled to vote thereon will be taken upon the said proposed By-law at the places hereinafter mentioned, viz:

For ward No. 1—At Mr. Woodworth's store First street.

For ward No. 2—At the Fire Hall, corner of 7th street and Princess Avenue.

For ward No. 3—At Mr. Barr's office, 12th street.

For ward No. 4—At Mr. Neil McDonald's house, 18th street.

# THE BRANDON SUN.

BRANDON, MANITOBA, NOV. 23, 1882.

Mr. L. Herchmyer was in town on Monday last, with a detachment of mounted police.

In Town.—J. P. Alexander, M.PP., for Turtle Mountain, has been in the city for the past day or two.

Our readers will do well to read over the new advertisements of Scott & Paisley, in this week's issue.

For personating a dead half-breed, a Winnipeger was sentenced the other day to seven years imprisonment.

Messrs. Pillman & Co., of Seaforth, Ont., have shipped a car-load of sleighs and cutters for the Brandon market.

Train Late.—The collision of two freight trains on the C.P.R. west was the cause of the delay of the mid-day express.

Joseph Wolf sold by auction, lots in the town sites of Gretna and Chater, together with farm lands and wood lots belong to the C.P.R., to the aggregate amount of $35,070.

The S. S. anniversary, in connection with the C. M. Sabbath school, will be held on Monday, the 27th. Sermons will be preached on Sunday, by Rev. J. E. Starr, of Winnipeg.

Correction.—In advertisements in this paper of Brandon lot for sale by A. Badger, carman, city, the location should be, lot 34, block 63, opposite Albion Hotel not block 53, printed.

Peds.—The walking match commencing on Friday evening next will be of more than usual interest, as three of the most noted travellers in the world —Hunt, Contant and Guyon—are to take part. The contest is for 27 hours

Low Rates.—The Royal Route is warmly engaged in the railway war, and has reduced the price of tickets from St. Paul to Chicago to one dollar. The cheap rates are an inducement to many to make the trip east and advantage is being taken of them.

Mr. A. L. Rowe, who some few weeks since went to Ontario to purchase an undertaking outfit, has returned, and expects his hearse along in a few days. The London (Ont.) papers speak the feelings of their citizens when they express their pleasure at meeting him again.

The Auroral Display.—The brilliant display of electric lights in the heavens on Friday evening was one of intense wonder and amazement. As a contemporary says, "The Aurora was marvellous even for this latitude, and presented an everlasting shifting display of Nature's own pyrotechnic's.

Conservative Association.—A Conservative Association was organized on Tuesday last. Mayor Daly was elected president; Rev. Geo. Roddick, 1st, vice-president; Mr. J. McDonald, 2nd vice-president; and Mr. A. C. Wells, secretary. Committees were organized, and every arrargement completed for carrying on the campaign.

"Jumping."—On Sunday evening last the church-goer was surprised at seeing a coon-skin coated individual standing at the land office door, squeezing the handle as if his existence depended on the energy he put forth. He was backed up by two or three others, also attired as if they were prepared for a trip to the poles. Hour after hour saw the force increase, until at midnight there was a respectable-sized army of puffing heaving, and straining fur coats, and tall boots. It is probable each coat contained something living, but there was no evidence of it other than the smothered breathing inside, until the crowd became so large that patience ceased to be a virtue when "cuss" words were handled very carelessly, and epithets were slung at each other with the greatest of exactness. Mr. Clementi Smith, the agent, who sleeps over the office, about one o'clock shook himself together, and summoning up his courage, in his nightly habiliments he delivered several pithy addresses to those assembled below to the effect that their dispersal was necessary to his peaceful slumber. They were unheeded, and the police force had to visit the scene several times during the night. The morning dawned and they were there yet, the small and graceful hand yet holding fast acquaintanceship with the door handle. The crowd numbered some hundreds, which continued to swell in number until the opening of the Land Office at 9:30 o'clock. Just before that hour some very wicked person incited a posse of on-lookers to form in line and move against the mass at the door. This was immediately done, and like an avalanche they came against the array of fur coats, and over they went, even to the man who had slept on the door-knob all night. The door was opened, and like meteors the applications for cancelling a single half-section of land—sec. 20, range 19, about twelve miles from here, flew over the heads of the agent, clerk, and chief McMillan, who had been called in to quell the riot It is said that there were over thirty applications thrown in. But what the chagrin when the "heroes of the night" were told that their gymnastic efforts were futile, and their attention directed to a notice on the window, that had been placed there the evening before by the agent, that all applications had to come through the post-office. Some half-dozen accepted of this means, while others, more obdurate, persisted they had their applications in first, and would press their claim. Some twenty-five were "first." Mr Clementi-Smith, the agent, accepted the first application opened, and could have done nothing else. One of the "jumpers" had paid $750 for the right, and is out just that much, and his trouble besides.

### The Disallowing Order.

Ottawa, Nov. 18.—Amongst the orders in Council published to-day is the following: A committee of the Privy Council have under consideration a report from the Minister of Justice, in which he recommends that the power of disallowance be vested in your Excellency in Council under section ninety of the British North America Act, 1867, be exercised in regard to the following acts of the Legislature of the Province of Manitoba, namely:—Forty-four Vic., chap, 38, 1881, intituled, "An Act to incorporate the Manitoba Tramway Company; 44 Vic., chap. 39, 1881, intituled "An Act to incorporate the Emerson and North-western Railway Company: 45 Vic. chap. 30, 1882, intituled "An Act to encourage the building of railways in Manitoba." The Committee, whilst concurring in the report of the Minister of Justice, and humbly advising Your Excellency to disallow each and every one of the said acts, desire to record the expression of their constant anxiety that the action of the Legislatures of the several Provinces of the Dominion should be interfered with under the power of disallowance reserved to your Excellency and the Council by the British North America Act of 1867 as soon as possible, but when as in the case of these acts, the declared policy of Parliament adopted for the Commonwealth is set at naught and local legislation enacted leading indirectly and directly to its frustation, the the Committe of the Privy Council conceive that they are compelled by their duty to Parliament humbly to advise your Excellency to use the power in question. He further advised that a copy of this minute, when approved, and of the Minister of justice, be transmitted by the Secretary of State to the Lieutenant-Governor of Manitoba for the information of his government.

## CITY COUNCIL.

The City Council met in the new chambers, over the fire hall, on Monday evening last. The Mayor in the chair. Present, Ald. Winter, Smart, Winters, Evans, Lockart and Pilling.

A communication was read from Supt. Egan, stating that the culverts under the track were being attended to, and that the company was not responsible for the approach to the station.

Communications from M. Tebo and D. C. McKinnon with reference to shanties on the lines in blocks 61 and 62, were referred to the Chief.

The application for the collectorship of the city from D. M. McMillan was referred to the Finance Committee.

The Chamberlain and Solicitor applied for an increase of salary.

On motion of Ald. Pilling, seconded by Ald. Lockhart, their applications were laid over for consideration of the new Council at its first meeting in January.

The communications for the position of caretaker, engineer, &c., were laid over.

A petition from Mr. Speers, asking to be allowed to slaughter animals within the city limits was read, when it was moved by Ald. Pilling, seconded by Ald Evans, that the petition be filed,

Ald. Pilling did not think it advisable that it should be dissallowed as many of the butchers in the city, were labouring under the difficulties complained of by Mr. Speers.

Moved by Ald. Winter, seconded by Ald. Smart, that the prayer of the petitioner be granted.

Ald. Lockhart drew attention to the by-law governing this, and said that we could not alter that by a resolution of the Council. They must bring in a by-law for the purpose.

In this the Mayor concurred, and ruled Ald. Winter's motion out of order.

The report of the Board of works was then read, which recommended the building of an eight foot sidewalk on the east side of Eigth street, between Pacific and Rosser Aves., on receiving a deposit of $50. The petition of A. Burns and others for a four-foot sidewalk sidewalk, between Pacific and Rosser Aves., was granted, and the engineer instructed to build there as soon as practicable.

The Report from the Fire, Water, and Gas committee was read recommending the purchase of a hose and ladder outfit complete, and that the caretaker and engineer receive a salary of one thousand dollars. Also that a fire company be organised at once, and volunteers asked for.

The first clause was referred back to the committee, with power to act, and in the matter of caretaker,

Ald. Winter, thought one thousand dollars was too much, as it was not likely the time of the party would be entirely taken up. He was of the opinion almost any one could work the engine.

Ald. Winters: I would not like to be around when you are working it.

After considerable discussion Ald. Smart moved, seconded by Alderman Winter, that the salary of caretaker and mechanical engineer, be placed at $900.

Ald. Lockhart had no objection.

The vote was then taken and stood For Ald. Smart's motion: Winter and Smart, 2; against—Winters, Evans, and Pilling, 3.

Ald Lockhart did not vote.

Ald. Smart reported that there was no report of the Finance committee, as he could not obtain a quorum.

Ald. Lockhart complained that there was considerable work done in the city on Sunday by parties taking goods out to their homes on that day, and would like to see the evil stopped by compelling the merchants to keep their stores closed against these people.

The Mayor was of the opinion we could not stop travellers, but would have the matter inquired into.

The attention of the Council was directed to the danger of fire from the "stove pipe" chimneys. The Fire Inspector, it was said, would have it seen to at once.

Moved by Ald. Wintets, seconded by Ald. Winter, that the City Engineer be instructed to construct a roadway from the foot of 6th street to the C.P.R. Freight Sheds.—Carried.

The chief suggested to the Council that it would be well for the Council to introduce a by-law regulating cabs.

This as well as the reading of some by-laws was laid over for another week.

The City engineers and Messrs McCoskrie and Co., reported on the bridges across the Assiniboine, but were laid over for a more complete report, as the bridges are not yet finished.

The Mayor said now that the ordinary business of the Council was complete, he wished to bring before them a matter of personal interest to himself. He then proceeded to state briefly that his business was now so large that he could not think of again filling the chair, and as the nomination was to take place on the 4th of December it was but fair that he should give this intimation in order that if there were any at the Council Board they need not consider him in the matter. After careful consideration he had arrived at this conclusion.

### 21st Meeting of Council.

Nov. 17th, 1882.

The Council met at the office of Messrs. Poudrier & Brownlee. Mr. Wm. Scott in the chair pro tem.

Present Messrs. Laird, Evans, Taylor and Hetherington.

The minutes of the previous meeting were read and adopted.

Communications were read:—

From Messrs. Adamson & Co., in reference to the Debentures.

From Angus Campbell, applying for the position of Collector for Ward No. 3.

From the Merchants Bank, notifying of note due.

From Ballentine & McTaggart, asking the Council to have their names placed on the assessment roll.

Tenders were read from J. M. Crotean to build bridge over Elton River.

From H. W. Johnston to build bridge between sections 16 and 21, township 10, range 20, also Plum Creek bridge.

From R. H. Swallow for furnishing and finishing bridge across Boggy Creek.

From Wm. White, for building bridge between sections 7 and 18, township 11, range 18, also for building bridge across ravine, between sections 16 and 21, township 10, range 20.

From Duncan McPhane for work of furnishing and finishing the Elton creek bridge.

From James Davidson for building bridge between sections 16 and 21, township 10, range 20

The Clerk was instructed to communicate with Messrs. Adamson & Co., giving the required information as regards the acreage and other general information which may be necessary for the sale of the municipal debentures.

The tender of Wm. White for the construction of the Bridge over the ravine was accepted, and that the Clerk so inform him requesting him to sign a contract for the speedy completion of the work, and to make temporary approaches of wood as may be necessary in the opinion of the Engineers.

A report from Engineers re bridge between sections 2 and 11, townships 11, range 17 west.—Read.

Major Rogers was heard in reference to the bridge at Milford.

Council adjourned till 7 o'clock, P. M.

Council resumed business 7 o'clock.

The Engineer was instructed to extend the time for receiving tenders for the erection of a pile bridge across Elton creek on road allowance between sectious 7 and 18, township 11, range 17 west.

The Engineers were instructed to prepare an estimate of the expense of all the principal bridges in the county, and that Councillor Scott be authorized to wait on the Commissioner of Public Works and endeavor to get the department to furnish the money to the Council at as early a date as possible.

Mr. Laird introduced a by-law No. 47 to amend by-law No. 42, appointing Collectors.

The by-law was read a third time and passed.

Commissioner Scott was authorized to let two small bridges on the Millford trail in range 17 west.

The Engineers were instructed to call for tenders for the construction of a bridge on the Minnedosa trail, between sections 9 and 10, township 11, range 18.

The Engineers report on bridge site between sections 7 and 12, township 12, ranges 16 and 17 west, be received and instructed to call for tenders for the same, also to examine the bridge on road allowance between sections 10 and 11, township 12, range 16 west, and report on the same at the next meeting of Council.

The accounts of Rowe & Co., R. Davis, W. Kinley, and the Clerk, for registering births, marriages and deaths, were referred to the Finance Committee and ordered paid.

The Council then adjourned to meet at the office of Messrs. Boudrier & Brownlee on Monday, Dec. 4th at 7 o'clock, P.M.

## SOURIS.

Nov. 16th, 1882.

To the Editor of The Brandon Sun:

On the 15th inst. a meeting was called in the Methodist Church of this place, at the request of some of the ladies of the congregation, to form a society of a literary and musical character to furnish entertainment for the winter months. A membership of twenty was enrolled, and a society organized to be known as The Musical and Literary Association of Souris. Mrs. McPherson was appointed President, McKay, Vice President; Warren Callender, Sec.'y. Mrs. Wood, Treasurer.

It was resolved to meet every Tuesday evening for mutual improvement and every third week to give a public entertainment, the proceeds to be applied to Organ Fund. Every thing moves rapidly. Building is progressing. Shortly there will be five stores opened. The Dr. and friends have found it too cold for tent life, and are building a house. Com.

To the Editor of the "Brandon Sun":

Sir,—A matter of a very painful nature has just been reported to us. It appears that an unfortunate immigrant, recently arrived, fell sick of a fever to which he subsequently succumbed. We are informed that a week or ten days before his death application was made to procure his admission into the hospital in the C. P. R. yards. It was thought there could be no objection to his admission as there had been no difficulty in procuring nearly the whole building for a dance and previously to that for the dinner to the Press. But to the annoyment of those interested in behalf of a poor, helpless man stricken down with a malady, that resulted in his death, there was no room to be had. He was flatly refused admittance. Intercession and argument were without avail, the doors were kept closed. The unfortunate man was obliged to find shelter in a shanty that afforded too little protection, and what with exposure, lack of treatment, etc., the poor fellow died. It might be a matter of gratification to some who think a grievous wrong was done to know just upon whom the blame should rest. If this man's death was in any way attributable to the fact that he was not permitted to be taken in at the Government Buildings, and he had a right to be admitted there, the public would be glad to know it. If it was not proper to admit him this should be known, so that those who remain under a very serious imputation may be placed in the proper light before an indignant public.

Fair Play.

### Twentieth Meeting of the County Council

November 7th, 1882.

The Council met at the office of Messrs. Poudrier & Brownlee. The warden in the chair.

Present Messrs. Scott, Harrison, Taylor, Evans and Hetherington. The minutes of the previous meeting were read and adopted. A deputation was heard from the Hospital committee in reference to a bonus.

Mr. Chas. Whitehead, President Brandon Agricultural Society, was heard in reference to a bonus to the society.

Certificates from the engineers read that work had been finished by A. Campbell, J. Davidson, Peter Fair and Wm. McDonald, contractors.

A report from the engineers re the examination of the bridge site across Elton Creek between sections 7 and 8, tp. 11, range 17 and an estimate of the probable cost of removing the present superstructure from the pile bridge across the Little Souris east of Mr. Roddick's was read. Contractors certificates were referred to Finance committee and reported. Report adopted.

Council adjourned till 7 o'clock, p. m.

Council resumed at 7 o'clock, p. m.

The Clerk certified as to the number of votes polled in favor of By-law No. 41 to raise money by debenture.

Mr. Evans introduced a By-law No 43 to amend By-law No. 26, and to provide for the proper deposition of certain monies received by pathmasters in commutation of statute labor in their several divisions. The By-law was read a third time and passed.

By-law No. 41, To raise money by debenture was read a third time and passed.

Accounts were read and referred to the Finance committee. The chairman reported the following be recommended paid:—A. Freeland, $5 65; Lewis Thomas, $1 88; Geo. Macb. Laing, $3; J H Ashdown, $3 50; F G A Henderson, $10; Wm Barr, $11; J A Smart, $89 77; Geo Roddick, $28; Will J. White, $182 40; J Weatherill, returning officer, $33.-60; John Wear, do. $34; Dr. W. J. Graham, do. $29 60; Wm Black, do. $17, Francis Clegg, do. $16 40 and Wm Drew, do. $16 60. Report adopted.

The council adjourned till 9 o'clock, a. m.

Council resumed business at 9, a.m.

The engineers were instructed to call for tenders for the construction of a pile bridge over Elton Creek between sections 7 and 18 on the road allowance.

Councillor Taylor was instructed to take the necessary steps to support the bridge on Little Souris between sections 9 and 10, tp. 9, range 18.

The engineers were instructed to advertize and receive tenders for the building of bridge over the ravine between sections 16 and 21, tp. 10, range 20.

Commissioner Scott was instructed to let a bridge, together with the approaches, on Steward's creek at the south-west corner of section 36, township 8, range 18.

The engineers were instructed to examine the creek on the road allowance between sections 2 and 11, tp. 11, range 17, and report at the next meeting of council.

Pursuant to notice Mr. Harrison introduced a By-law No. 44 to assess the county for municipal purposes. The By-law was read a third time and passed.

Mr. Harrison introduced a By-law No. 45 to levy rates for school purposes in the municipality. The By-law was read a third time and passed.

Accounts of John Bradley, Atkinson & Quigley, and Commissioner Taylor and 2nd progress estimate of Souris City bridge were read and referred to the Finance committee and were ordered paid.

Mr. Evans introduced a By-law No. 46 to provide for the remuneration of councillors. The By-law was read a third time and passed

The report of the committee in regard to the Hospital was adopted on condition that the warden of this municipality from time to time be a director on the Board of said hospital, and that the amount be paid after the first day of January 1883.

The Clerk was instructed to advertise the debentures.

The Council agreed to grant to the Agricultural Society of the electoral division of Brandon the sum of $1,000 for building purposes and $300 for prize list purposes provided the exhibition be held in the City of Brandon during the year 1883.

A committee was appointed to receive the Collectors Bonds, the committee to meet on Saturday the 18th day of November, 1882, at the office of Messrs. Poudrier & Brownlee, Brandon.

The Clerk was instructed to communicate with the clerk of the municipality of Turtle Mountain stating the amount of our assessment, also the rate on the dollar showing the amount of their proportion of registrars account.

The contractor for the Millford bridge was authorized to put 2x40 feet spans in the said bridge, the same as those in the Souris City bridge and in position as described by the engineers and at the same price as the Souris City bridge, provided that their portion of the debentures together with the one-third promised by the Government will warrant it. That the people at Millford will subscribe the balance, and that Councillors Taylor, Harrison and Scott be a committee to wait on the people of Millford to that effect and decide the matter.

The contractor for Black Creek bridge was instructed to put an additional span at the same price per foot, also to plank up the end of bridge.

The Council adjourned until Friday, Nov. 17th, to meet at the office of Messrs. Poudrier & Brownlee at 2 o'clock, p. m.

### An Orange Manifesto.

The Grand Orange Lodge of Manitoba have issued 10,000 circulars containing the resolutions recently passed by that body touching the withholding of the Royal assent to the Orange Incorporation Bill, passed during the last session of the Local Legislature. The circular concludes with the following paragraph, and is signed by John Niblock, Grand Master; S. Mulvey, Past Grand Master, and J. W. H. Wilson, W.M. of L. O. L. 942, of Winnipeg:

"At the same time we were instructed to ask you to use your votes and influence at the coming election that Mr. John Norquay and his government should be swept out of existence and properly punished for their infamous conduct. We, therefore, in the name of the Grand Lodge and of the sacred rights handed down to us for preservation and safe keeping, now call upon you to be up and acting, and to support no man as a candidate who will not pledge himself to assist to the best of his power in overthrowing the present Government, and to vote, no matter what the consequences may be, without evasion or equivocation for the bill which will be again introduced. See that good men and true are returned, and where possible let them be members of the order; make yourself felt in the House and country. Place such a power in Parliament that your rights dare not be ignored, and you will be able to properly and at once punish any Government that will not give us justice and equal rights. Get into line. Put your shoulders to the wheel, select your candidates and cease not to work until they are triumphantly returned at the head of the polls.

### The Globe on Mr. Norquay.

A LIBERAL ORGAN DISCOUNTENANCING AN APPEAL TO THE PEOPLE.

The Globe, in an article on Mr. Norquay's programme, says there is a characteristic mixture of cowardice and craft in the programme of the Manitoba Local Government. "The Local House," says the Globe, "has been dissolved. We are told that dissolution will save an expense of a session, some $20,000; and because the House is supposed not to represent the feeling of the country on the matter of disallowance, it appears to us that to incur the very great expense of a general election and then to have a session of the legislature is a very queer way of saving the expense of a session. As to the present House not representing the feeling of country, there is not the slightest tittle of evidence of the fact to be found in the press of Manitoba. Indeed it is quite clear that Mr. Norquay has decided not to call the House together simply for the reason that he knew the disallowed charters would be re-enacted, and that if they had been re-enacted before the new Governor, ex-Senator Aikin, had assumed office, they would have received assent. But Mr Norquay has now managed it so that the charters cannot be passed upon by the Legislature until the Lieutenant-Governorship is filled by an obedient servant of the Dominion Government.

The recent experience of a London lady of rank, who wished to sell some jewels, goes to prove that shams are not newer than other things under the sun. Regarding what were at first supposed to be splendid rubies the jeweller said: "They are certainly very showy, madam, but unfortunately only clever imitations in glass!" The lady, much chagrined, then called attention to the heavy setting, to which the jeweller replied, after the usual tests, "The setting is only gilt!" Another article produced for appraisement was a superb bracelet, the gift of a Continental sovereign to the wife of a distinguished diplomatist. The skilful manufacture and specific gravity of the splendid object had been extolled for generations in the family of the possessor, and so highly was it prized that it was invariably sent to the bankers whenever the family went out of town. The jeweller scrutinized it carefully, and pronounced it to be extremely heavy, "but," he added, "if you will allow me, madam, to raise this very thin plate, I shall be able to show you that the bracelet is filled up with—lead!" Yet it is quite possible that the original purchasers of these articles believed them to be genuine, and paid for them as such. A few years ago an English gentleman took a bracelet to a leading provincial English jeweller to have the clasp mended. The jeweller looked at the stone carefully and then said: "You are aware that this is not genuine?" "Not genuine?" exclaimed the gentleman. "You must be mistaken. This was given to my wife on her marriage by my uncle, the last man in the world to give sham jewelry." But the jeweller, an eminent man in his line, persisting, the donor was informed. He wrote back that it had cost $500, and ordered that it be at once sent to him; and taking it to Messrs. ——, a firm of the first eminence, indignantly stated his case. It was a sham. They offered a check at once, or a new bracelet, and seemed terribly chagrined. The explanation was that, do what they would, they were at times the victims of their workmen, who substituted admirably made bogus gems for real ones. Probably scores of persons have jewelry thought to be real which in truth is not so.

### Appointment of an Assistant Superintendent.

General Superintendent Egan, of the C. P. R., last night issued a general order announcing the appointment of Mr. J. Murray, Assistant Superintendent of the road. He will have charge of the line from Brandon to Swift Current.

Mr. Murray was born in Cobourg, Ont., and commenced work on the Great Western Railway at London, in 1858. He was agent at Newbury, then at Sarnia. He then went to Richmond as train dispatcher on the Grand Trunk, and was Assistant Superintendent of Telegraph on the Grand Trunk between Kingston and Detroit. He worked on the Grand Trunk and Great Western for a period of nearly fifteen years. He then went to the States, and has been connected with different lines of railway there. Before coming here he was engaged on the Northern Pacific.

A train which left for the South the other night, having C. P. R. employees from the West on board, is reported to have taken $150,000 in hard cash out of this country. The C. P. R. between supplies and affording labor has evidently proved a bonanza to the citizens of the neighboring Republic.

## PROCLAMATION.

To All whom it may concern.

GREETING:

Whereas under and by virtue of Section 94, chapter 8, 44 Victoria, of the Statute of Manitoba, "An Act respecting Municipalities," the resident ratepayers of Townships 6, 7 and 8 in Ranges 20, 21 and 22 west of the First Meridian, in the Province of Manitoba, have petitioned the Lieutenant-Governor of the said Province to be struck off from the County of Brandon and to be formed into a separate Municipality.

And whereas, in accordance with said petition, the Lieutenant-Governor in Council has appointed me, Richard B. Kirchhoffer, of Souris, Plum Creek, farmer, Returning Officer, and has named

**Thursday, November 23rd, 1882,**

as the day for holding an election in the said Townships for the purpose of ascertaining if the ratepayers thereof are in favor of such separation.

Now know ye that pursuant to the said Order in Council a poll will be opened in the Town of Souris (Plum Creek), at the residence of R. B. Kirchhoffer, on Thursday the 23rd Day of November, instant, from 9 A.M. till 4 P. M., for the purpose of recording votes for or against such separation. Those in favor of separation shall vote "yes," those against "nay," and if the majority of the votes be "yea" the said Townships above mentioned shall become and be a municipality.

Witness my hand this 13th Day of November, 1882.

R. B. KIRCHHOFFR,
Returning Officer.

CHISHOLM, JONES & CO.,

MANUFACTURERS OF THE

CABLE BARB WIRE,

which is made from the best English Vessimer Steel.

**The only Manufactory of Barb Wire,**

FENCE POSTS, STAPLES, ETC., IN THE NORTH WEST.

The Barb is made from a flat piece of Steel which has four points projecting in as many directions, and is very much stronger than the Wire Barb. See above cut.

The galvenizing is now done after the Barbs are set and the Wire twisted, consequently the Barbs are firm and cannot be moved out of place. It is also far more durable than Ontario Barb Wire as the surface or zinc is not cracked or broken by twisting.

EXAMINE IT FOR YOURSELF.

WOODWORTH ESTATE LOTS.

FULL AND SUFFICIENT DEEDS.

Purchase your Residence and Business Sites in

THE CHOICEST LOCATIONS

AND SECURE YOUR DEEDS AT ONCE.

It is scarcely necessary to enter into a lengthy description of the advantages to be derived by settling in Brandon, as its growth during the past summer has shown that it is decidedly the CITY OF THE WEST. Yet it behooves all who come here and purpose remaining to provide for themselves as soon as possible comfortable houses and good points of business. These can be had from Mr. Woodworth and at first prices. When you can secure such property as he offers you, and at the prices, it is folly to go elsewhere and purchase through outside agents, getting inferior locations and paying much higher figures.

The completion of the First Street Bridge brings right past the door of this property all the traffic to the North and West of the Assiniboine, and therefore adds greatly to its value. Of this purchasers have the benefit.
